Hello Fellow Members:

Hope everyone and all your family members are doing well. This is the craziest thing I've ever been through. We were just starting to get the ball rolling this spring and now everything came to a halt. We need to wait it out, and as soon as things calm down, we can get back to normal.

This is the perfect time to get your spring projects done, so I tackled my master bathroom. I removed everything in the bathroom and started from scratch. I am in the home stretch with my stonework. I think I created a stone fortress in my bathroom with stone wainscot, new cabinet, faucets, and tub surround, etc. It's nice to get these projects done since we can't go anywhere.

Last week I got a picture from Rick & Sally Northrop from back in the 70's when they were a young married couple. They had driven to Sally's parents' house with their 1960's Corvette in the winter. I won't get into too much detail because I would probably screw up the exact details. Anyway, I thought it was a classic photo from back in the day when a young fellow was trying to impress his in-laws. I know Rick is probably going to give me the business for talking about this, but I love seeing old photos of how it was back then.

Every letter I write each month always has a story at the end telling about some life event I've been through. It's nice to see photos of classic cars and events that happened with our members, so please continue sending pictures and stories of how it was back then.

Please stay safe, and I hope to see all of you soon.

Your President

Don VandenAvond

Due to the Coronavirus, upcoming meetings and events are cancelled until further notice.

WELCOME to the following new members who joined the Club in March:

Jim and Sue Woepse - 2003 Red Convertible

Dan and Angie Thompson - 2019 Orange Coupe

Membership is currently 179 paid members and 4 honorary members.

Rick & Sally Northrop's First Corvette:

"This was Christmas, the winter of 1972, at Sally's parents' home in Menomonie, WI. We were living in Burnsville, MN, and yes, we drove it year around. It was a 1965, 365 hp, 327, 4sp Roadster. We had the black hard top on it in this picture and ran with the lights up all the time in winter because they were so prone to not working when cold. It was the only vehicle we had, so Sally drove it 25 miles to work every day, from Burnsville into the city of Edina, MN. On really cold days, she would go out at noon to start it and let it warm up."
