Hello Fellow Members:

I hope everyone is doing well. We are still battling through these tough times with no end in sight yet. Now's a good time to take the Vettes out and enjoy the fall colors which are at peak time right now.

Our last meeting had pretty low attendance, which I kind of expected. We are going to skip the November meeting due to the Covid virus numbers going up lately. At the last meeting we felt this was the safest thing to do at this time. I would hate to see any of our members catch this virus at one of our club meetings. We will try to have our December board meeting and our general membership meeting so we can go through the 2021 budget and hopefully bring in some new board members which we are in need of, so please give it a try.

Back in my younger days when the mumps, measles, or chickenpox came into our house, you had 19 people looking at you like you had the plague, until the next day when one or two of them had it. It seemed like there was no way around it until everyone was infected. I think we averaged 5-6 kids per bedroom back then, so you could count on getting whatever sickness your brother had that day. I know it sounds tough, but it really wasn't. I was lucky to grow up in such a cool family where just about every day had something interesting going on.

Once again, I will quit babbling on about my younger days and let you guys get back to sitting on your lawn chairs staring at your huge investments that you get to enjoy for eight months during the year. 😊

Your President

Don VandenAvond
