Hello Fellow Members:

I hope everyone is doing well. We had a nice August meeting with 40 + members in attendance. With the Covid virus still going around, I hope everyone is practicing safe distancing and staying healthy. I know there have been members that have stayed away from our meetings and car runs, which is fine. Please do what you need to do to stay safe. Hopefully in time we can get through these odd times.

In the past I have always talked about life events that everyone can relate to. Not sure how we could have managed safe distancing when I was young. We would go on vacations with 10-12 family members in the van and never wore seat belts back then (sounds crazy nowadays). And, we would only ever rent one hotel room, so you can imagine the majority of us were sleeping on the floor. I cannot believe we slept on that rotten carpet in those hotel rooms. None of us ever got sick or caught anything from doing that. One thing about the way we used to vacation is it was always fun, and no one ever complained about it. Nowadays there is no way I would sleep on the floor in a hotel room unless I had too many cocktails and ended up there.

Enough of me gabbing about life events from the past. Please be safe and get out and drive those fancy Corvettes, our summers are too short not to.

Your President

Don VandenAvond
