

The Corvette Plant Tour is happening!

*We leave Thursday may 28th at around 7 or 8:00. We'll stop somewhere along the way for lunch and depending on how fast the trip is going; we can stop to get dinner before or after we reach Bowling Green.

*It is a long trip, right around 11 hours, so if anybody needs to stop at anytime for anything I will have my cell phone on me.

*We'll stay in Bowling Green over night and get breakfast at the hotel in the morning. From there we will depart around 9:30 and head over to the plant.

*Our plant tour starts at 10:00 and will last around an hour to an hour and a half.

*From there we'll head over to the Corvette museum, where they'll host lunch for us. After lunch they'll take us on a personal guided tour of the museum. At the end we will have time to visit the gift shop.

*Dinner is still up in the air as to what we are doing.

**Things up for discussion are what to do on Saturday. We need to get feedback on what everyone wants to do.

- A. Head back Saturday morning as a group.
- B. Make it a free for all day where individuals can go back to the museum to see things they missed or view some of bowling greens other hot spots such as other museums and facility's they have. Stay the night then head back as a group.
- C. Do a split of both.
- D. Do a complete free for all.

**RSVP ONE WEEK. DEAD LINE TO BE ON APRIL 14th.
